CLASS # 17

CARBIDE GLASS & TILE BITS

The spear shaped head of these bits reduces breakouts and provides for smooth drilling in ceramic tile, marble tile, Vitrolite, China, mirrors or glass.

The tips are carbide for a long life and they have straight shanks to fit a standard drill. These bits are recommended for slow drilling speeds only and are for rotation drilling only, not for hammer drills.

Available in seven sizes; 1/8", 5/32", 3/16", 1/4", 5/16", 3/8", 1/2" and a 4 piece kit which includes 1/8", 3/16", 1/4" and 5/16".

BOSCH GLASS AND TILE BIT SET

These glass and tile bits from Bosch feature precision ground tips for precise starts without bit 'stray' or 'walking'. They are constructed of high quality carbide that is reinforced to prevent bit cracking and lengthen bit life.

Bosch's branded, modern geometry allows for faster drilling in glass and tile and the shanks have 3 flats to prevent slippage. This 8 piece set includes the most popular sizes in an organized carrying case.

Sizes:

1/8", 3/16", 1/4", 5/16",
3/8", 1/2", 5/8" & 3/4"
