

CLASS # 51

FILES

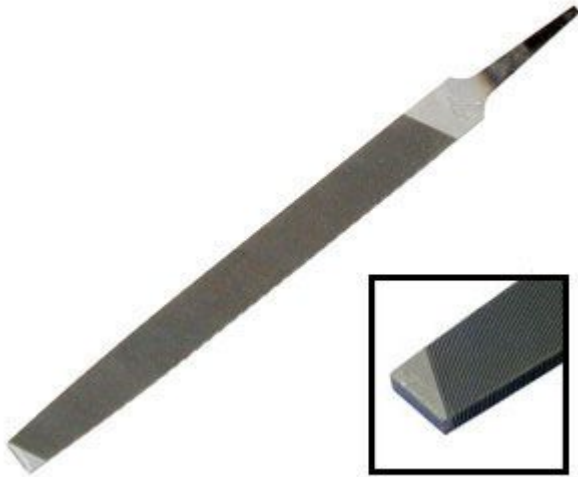

These files are scientifically cut, precision ground and hardened through a rigorous quality control system. There are three degrees of coarseness in file configuration; ‘Bastard’ which is the coarsest, ‘2nd Cut’ which is a medium, and ‘Smooth Cut’, the finest.

Mill Bastard Files

Mill bastard files are a good, general purpose file used in the sharpening of edges on axes or other blades and scrapers. Also used in deburring of any metal surfaces.
